Objective

A highly motivated and detail-oriented MERN stack developer seeking an entry-level position to apply my technical skills, enhance my expertise in web development, and contribute to innovative projects. Eager to learn from experienced professionals and grow within a dynamic organization.

Education

Lakireddy Bali Reddy College of Engineering, Mylavaram, Andhra Pradesh.

2022 - 2026

• B.Tech in Computer Science and Engineering.

Skills

Programming Languages: C, Python, Java,

JavaScript.

Frontend: HTML, CSS, ReactJS, Framer

Motion, Next.js, Tailwind CSS.

Backend: Node.js, Express.js, GraphQL,

Restful APIs.

Web Technologies: HTML, CSS, React, Node.js, Ex-

press.js.

Database Management: MongoDB, MySQL. **Tools:** Visual Studio Code, Postman, Github.

Projects

Loop - Social Media Platform

september – October 2024

- Developed a social media application called "Loop" that allows users to create profiles, post content, and interact with other users through comments, likes, and sharing.
- Implemented features such as real-time notifications, a feed algorithm, and user authentication using React, Node.js, and MongoDB.

Elite Wear - E-Commerce Platform

January – February 2025

- Created a Elite Wear to replicate core functionalities of the popular e-commerce site.
- Integrated features like product listings, a shopping cart, user authentication, and an admin panel for product management.
- Used React for the front-end and Node.js for the back-end, with MongoDB for database management.

Certifications
